

meeting, please.

Tadworth Ten

On behalf of the committee and myself I would like to thank all the club members and their family/relatives/friends for helping out with the race.

The event passed off in general very well although we can improve it with the experience of a race to look back on, in particular we will avoid running the race across the Derby course for a second time. Although I have yet to get full feedback from the Beefeater they seemed quite happy on the day and were impressed with the size of the event and the spectacular sight of all the cars neatly rowed up by Dennis and John. Special thanks must go to Martin and Kevin for their long term work on the race as members of the sub-committee, and to several 'backroom' workers; the Cronins for the numbers and results; Norman McNicol for the loan of his caravan and all his work over the weekend with signs ect.; Rob Champion and Karin for all the computer work. Finally thanks to Stephen Robinson who acted as tortoise who due to the slowest ever finisher (2.03) got absolutely soaking wet.

The main statistics are:

606 entries: 544 finishers; 494 male and 112 female; winner Mark Moughton Sharnesbury Barnet 53.16 1st lady Susan Martin-Clarke Medway 63.47

Finally, I still have a few prize vouchers for the Beefeater left over. Anyone who helped out and didn't get one please collect one. It will be in the club's interest to use as many as we can.
